

Menu Design Contest

In an effort to promote efficient water use throughout the community, Rancho California Water District and participating restaurants invite middle and high school students to enter the Restaurant Menu Design Contest.

*Contestants are required to design a Children's Menu promoting water conservation and efficient water use in the community.

The Menu design must include activities that describe:

- Where RCWD water comes from
- The importance of water use efficiency
- Ways to use water efficiently

Prizes

The first place winner of this contest will have their menu featured in participating restaurants and receive a new **Apple iPad Mini!**

Guidelines

1. The Contest is open to all middle and high school students in the RCWD service area.
2. All entries must be submitted to your school front office by 8AM on November 16th, 2017.
3. All design artwork must be original by the artist submitting the design (No trademark or copyrighted artwork or materials will be accepted).
4. Activities and designs become property of RCWD; however, winning students will receive credit for design.
5. There must be space left on the menu for 7 to 10 food menu items; however, participants should not create food menu items.
6. Design must be appropriate for children ages 2 to 10.
7. Paper will be distributed for your students. Artwork needs to be horizontal and should only be on the front of the provided paper

Request the amount of official contest paper you will require ONLINE at www.ranchowater.com/menucontest2017 by **October 20, 2017**. Contest paper will be delivered the week of **October 23, 2017**. Questions? Call (951) 296-6933 or email cardenasg@ranchowater.com

The Contest is open to all middle and high school students in the RCWD service area.
