SUBJECT: *Rancho California Water District Hires Jeffrey Armstrong as General Manager*

TEMECULA, CA – Rancho California Water District's (RCWD/District) Board of Directors hired Jeffrey Armstrong as RCWD's newest General Manager on October 8, 2015.

Mr. Armstrong has worked for the District since 1988 serving as the Accounting Manager for 10 years, the Chief Financial Officer for 7 years and was appointed Treasurer in April 2010. In February, Mr. Armstrong was appointed Interim General Manager to lead the District during a difficult water supply year.

Prior to working for the District, Mr. Armstrong held various accounting positions in the private industry including a Fortune 100 company. Mr. Armstrong earned his undergraduate degree in accounting from California State University, Long Beach and a Master Degree in Business Administration from the University of Redlands.

John Hoagland, RCWD's Board President stated, "On behalf of the entire Board, I am confident that Jeff will provide positive leadership for RCWD. He is an

innovative administrator with the knowledge and expertise to facilitate and coordinate District operations and successfully represent RCWD's policies, programs and services with member districts, community groups, support organizations, and government agencies."

###

Formed in 1965, Rancho California Water District supplies an area consisting of approximately 150 square miles. The District serves the area known as Temecula/Rancho California, which includes the City of Temecula, parts of Murrieta, and other contiguous lands. The District is separated into two divisions: the Santa Rosa Division generally west of I-15 and Rancho Division generally east of I-15. The District currently provides sewer service to the Cal Oaks and Bear Creek areas.

"The mission of the Rancho California Water District is to deliver reliable, high-quality water, wastewater and reclamation services to its customers and communities in a prudent and sustainable manner."
