- Poster paper will be delivered by EMWD to your school front office the week of **September 24-28, 2018.**
- Students must use official poster paper.
- All artwork must be **original artwork**. NO computer, trademark, or copyrighted artwork will be accepted.
- **Artwork must be created solely by student.**
- **Posters duplicating the artwork of past winners will be disqualified.**
- Submitting more than one entry per class will disqualify all entries from that teacher.
- **At least one winner will be selected per school district.**
- Encourage students to focus on water conservation. For example, use water wise landscape (bees love it!); or, when brushing their teeth, students should turn the water off, instead of leaving it on. Please review the more than 100 tips listed at www.usewaterwisely.org.
- Posters must be drawn horizontally  within the border of the official poster paper.
- **For reproduction purposes, any writing or artwork in the 1" border area disqualifies the poster.**
- Students should use **BOLD, BRIGHT, and BRILLIANT** colors using colored pencils, markers, paint, ink, fabric, cut paper, pencil, and/or watercolors. **Crayons not recommended.** If students elect to use crayons, we request that they select dark colors as the lighter colors do not show up well for reproduction purposes.
- A short message about water **MUST** be written on the poster within the border. Be concise, fewer words are better than more.
- Artwork becomes the property of EMWD/RCWD and may not be returned.

- Winners will be notified in late 2018 and honored at a recognition event in early 2019.
